Issue 1: September 2020

The New Warley Lantern

The Warley Community Association committee would like to welcome you to this first edition of the New Warley Lantern newsletter.

It's several years since the original newsletter was published and we thought it was time to give the idea another go.

Along with a new Facebook page and a revamped website, it would be great if we could inspire new members to join and help us to plan and run new activities once the current restrictions are lifted.

Please let us know what you think and whether you think this is a useful document. Also, if you have anything you would like including in the next edition, please let us know (see email contacts on the reverse page).

In the last couple of years, we have raised funding for, and had installed, defibrillators, one at each pub, with the kind support of the respective landlords. You'll see on the back about plans for new road signs and if there's anything you feel we should be raising funds for, or otherwise supporting, please either email us or come along to one of our Maypole meetings and tell us about it. We look forward to seeing you.

Compost Bins

You may have noticed, or even 'contributed' to the compost bins near the playground. In the last week of October, we would like to get these emptied so, if you have your own garden, why not come along and get some free compost for next season?

The Warley Community Association is run for and by the residents of Warley and is not affiliated to, nor in any way controlled or influenced by any other group, society or organisation

The Great Village Cleanup

Pre-pandemic clear-up underway.

Between the 11th and 27th September in the UK, there is to be "A Great British Clean Up". We would very much appreciate your help in cleaning up Warley and the surrounding area.

We would especially like help with the clearing of weeds both on the playground area and on Paradise Lane on the approach to school.

The Council have sprayed these weeds in early August so hopefully they should be easy to remove. We will supply waste bags and litter pickers but please bring your own gloves and masks if you wish to wear one.

Lets make our playground a safer area for your children to play !!

Further details, including the more general litter-pick, will be displayed on posters nearer the time.

New road signs for the village?

We have been consulting with the Highways Dept. to see if it is possible to change our black and white Warley signs (4 of) with a more individual sign for our village.

If we get the go ahead then we hope to invite budding local artists to come up with a design.

See examples on

' http://www.tournorfolk.co.uk/signs.html '

Most of these are in Norfolk but each one is individual to a specific village.

More information to follow!!

Warley Calendar

The 2021 Calendar is now available, priced just £6 and delivered to your door. See contact details for how to get hold of one.

Museum News

Phil and Derren Wood have amassed a collection of metal bottle tops. In their words:

"The reason we find them attractive enough to want to collect, is the impressive thought and creativity which goes into the designs printed on these 26mm diameter discs of tin and steel. If you care to look, many of them have stories to tell – about the liquid they contained, the people who made it and the place they come from. But some are also quite enigmatic, ambiguous, humorous or even unsettling, and this appeals to our imagination and curiosity."

This exhibition is planned to run until December so why not go and have a peek? See the website for a link to the Halifax Courier article.

Church Message from Cote Hill

Since March when the Coronavirus pandemic took hold the Joint Benefice of Warley St John's Church and St Hilda Halifax church buildings have been closed for use – ***but the Church has continued to be alive and active.***

Worship of God and our care for each other has been taking place but not within the buildings.

St John's website contains details of how to join others on line for prayer, worship, study, and community life.

Details of when services will restart in the church buildings will be fully advertised shortly. The first service in the church building at Warley St John's will be on Sunday the 13th September at 9 30am. On line services will continue each Sunday with the main worship service being at 11 00am for the foreseeable future.

"Love the Lord your God with all your heart and with all your soul and with all you mind and with all your strength..... Love your neighbour as yourself. There is no commandment greater than these."

Calendar of events
